

STATEBOUND—Hamlin Girls Little League All-Stars, families, coaches and friends pose just before leaving Monday morning for Waco for the Girls State Little League Softball tournament. The girls defeated Waco Woodway, 7-6, in regional competition to make it to state. After a 4-2 loss to Harlingen American, the girls were scheduled to play Houston at 5:30 p.m. Wednesday.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

For a number of years now the Herald has been including along with our subscription renewal notices a postage free reply envelope. When we first started this it cost us two cents plus the regular postage or eight cents to get these renewals out of the post office.

This wasn't bad and we felt it was a nice service for our valued customers. But over the years it has increased as the postage has gone up. It now costs us 12 cents plus the 13 cents in postage and after September it will also require an additional \$30 permit fee.

Because of this, you will no longer find these handy postage free envelopes along with your renewal notices. As soon as we can get around to getting some printed we will probably include a pre-addressed envelope for your convenience.

It simply was a question of whether to stop the envelopes or increase the subscription price to offset this additional cost and we figured it would be cheaper on our customers to stop the envelopes since many of you bring your renewals into the office anyway.

Along this same theme — we used to pay 10 cents to get an address change from the post office and it now costs us 25 cents. So if you plan to move please drop us a note and we will change your address for you.

Not only will this save us the 25 cents but it will also insure you of getting your paper sooner at your new address. (Please let us know the week that you will be at your new location so that we do not make the change too soon.)

For those of you who have won bets over the years on the length of those center stripes on the highway — beware. They are painting them shorter now than they ever have before.

Not many people would ever believe that those short looking stripes were really longer than a car unless you stopped and measured them. This was usually a good way to pick up a free Coke.

But the economy wave by the highway department has "done us in" and while the stripes are still much longer than they look going down the highway they are not as long as before.

This was probably a very wise move by the highway department which is faced with a critical shortage of funds. We have no idea how much paint this will save but when you consider the miles and miles of highways in Texas it should be a tremendous amount of money.

Johnny Bryant brought us in an editorial out of the Dallas Morning News the other day saluting the

—Continued on page 4

All-Stars Lose Bid For State Championship

Three errors in the second inning knocked the Hamlin All-Stars out of their bid for their first state championship in the Girls State Little League Softball tournament in Waco Tuesday evening. The local girls lost to Harlingen American, 4-2, and were to play Houston Braes-Bayou Wednesday evening for third place.

Hamlin's three errors, all that were committed in the game, permitted Harlingen to score three of their four runs as the winners pulled out to a 3-0 lead.

Hamlin came back with two runs in the top of the third inning to cut the lead to 3-2. Tonya Brumley singled, and Debra Pyron followed with a walk. Charlotte Hooper then singled scoring Brumley with Hamlin's first run. Leona

Johnston got Hamlin's third single of the inning next, knocking in Pyron.

Harlingen added an insurance run in the bottom of the third, putting the final run of the game on the scoreboard.

Johnston pitched a five-hitter and got the loss on the mound. Her counterpart, Tammy Troglia also had a five-hitter.

Houston, the team Hamlin was scheduled to play at 5:30 Wednesday, lost to Liberty, 4-3, in seven innings in their game Tuesday night. Harlingen and Liberty were scheduled to meet Wednesday night at 8 for the state championship.

Hamlin defeated Waco Woodway, 7-6, in regional to earn their berth at the state meet.

High School Students To Register Aug. 19

Any high school student who has moved into the Hamlin School District and has not pre-enrolled in school

Entry Deadline For County Fair Set

Jones County 4-H and FFA members are reminded that entry deadline for entries in The Jones County Fair has been set for Friday, Aug. 13. Kirby Clayton, Secretary to the fair, urges all members to get in their entries early so that ribbons can be ordered to arrive on time for the show.

Horse entries may be taken as late as Saturday, September 11, the day of the show.

Anyone who needs additional entry blanks may call the County Extension office at 823-3801.

is being asked by Principal B. V. Newberry to come by the high school office any time from 9 a.m. to 3 p.m. Monday, Aug. 16, to receive information about registration for the new year.

The registration schedule announced by Newberry for high school students who pre-enrolled last spring calls for seniors and juniors to register Thursday morning, Aug. 19, and sophomores and freshmen to register that afternoon. Eighth graders will register Friday morning, Aug. 20.

School will start Monday, Aug. 23.

James and Carla Fomby of Odessa and Julie Bailey of Howe visited in the home of their grandmother, Mrs. C. C. Bailey, last week.

Football Workouts Start Here Monday Morning

The start of the football season will begin here Monday when the boys report for two-a-day workouts at 8 a.m. and 6 p.m., according to head coach Bill Grissom.

Coach Grissom said that all boys that have not had their physicals or have not picked up their shoes should do so before reporting Monday. He said that the first four days of the workouts will be in shorts and that Friday would be the first day in pads.

An intrasquad scrimmage is planned for Saturday, Aug. 14, starting at 8 p.m.

The Pipers will scrimmage at Colorado City Friday, Aug. 13, and will host Merkel here

Friday, Aug. 30.

Coach Grissom has invited all of the Piper fans to come watch the workouts and has extended a special invitation

Dinner Saturday

The choir of Oak Grove Baptist Church will sponsor a dinner Saturday beginning at 5:30 p.m. in the Fellowship Hall. Alice Marshall is choir president.

Price per plate will be \$2.25 per person and the public is invited to attend.

Menu will include broiled steak, green beans, scalloped potatoes, tossed salad, hot rolls, iced tea and assorted pies.

GROUNDBREAKING FOR NEW SANCTUARY—Members of the Church of the Nazarene assembled for groundbreaking ceremonies Sunday morning after worship services at the site of the future \$132,000 building. Taking part in the ceremony are, from left, Larry Farnsworth, Sunday School Superintendent; Dr. Lyle E. Eckley, district superintendent; Robert Fowler, Hamlin Mayor; Mrs. Donald Young, World Missionary Society president; Donald Young, building committee chairman; Mrs. M. S. Johnson, former longtime church pianist; M.

S. Johnson, chairman of board of stewards; Mary Bigham, former church secretary for many years; Mrs. Ina Parker, church treasurer and the Rev. Marshall Stewart, pastor here since October 27, 1965. Mrs. Parker has been a member of the church since Sept. 21, 1919. She and Miss Bigham hold the longest membership. In the background, pictured between Mr. and Mrs. Young, is E. G. Smith, head carpenter for the present building which was constructed in 1935. (Photo by Tim Jones)

Band School Opens Here Next Week

Band School for the high school band will be held next week, according to Tim Jones, director. The band is composed of students in grades eight through twelve.

The full band will practice on the field each morning from 8 to 9 o'clock. Practice sessions in the band hall will be held from 9 to 10 for brass and percussion; 10 to 11 for reeds and woodwinds; and from 11 to 12 for the full band.

The full band will practice again from 7 to 8 each evening. All band members are urged to be present for each rehearsal. If for any reason a student will be unable to attend practice, they are to call Mr. Jones at 576-3300.

Drill instructors will be Cheryl Baker, Lisa Howard, Leeia Phariss, Kayle Mehaffey, DeDe Young, Roger Gonzales, Donna Bell, Wayne Wheat, Jamie Crowley, Sherry Carter, Elise Kelley and Julie Jeffrey. Others may be named later, Jones said.

Nazarene Church Starts Work On New Sanctuary

Work started this week on the construction of a \$132,000 building project for the Hamlin Church of the Nazarene, according to Donald Young, chairman of the building committee. The new sanctuary and fellowship hall will be located just south of the present sanctuary at the corner of Southwest Ave. C and First Street.

A ground-breaking ceremony was held Sunday

morning following the morning worship service. Dr. Lyle E. Eckley, district superintendent, took part in the ground breaking and delivered the morning message.

Others taking part in the ground-breaking were Mayor Robert Fowler, the Rev. Marshall Stewart, pastor; Young, Church department heads and official board members. Also taking part

were E. G. Smith who was head carpenter on the construction of the present building and Mrs. Ina Parker who is church treasurer.

The new structure, which will be approximately 7,660 square feet, is to be in two sections. The sanctuary will be 50 by 92 feet and the fellowship hall and entry will be 45 by 68 feet. The building will be brick veneer and will include classrooms, nursery, pastor's study and office.

The church signed a contract last week with D. D. Shelburne of Snyder as general contractor on the project with construction to be completed within 150 days.

The present building was built in 1935.

The Rev. Stewart has served as pastor of the local church since October 27, 1965. During that time the church has had a 49 percent increase in membership and a 56 percent increase in Sunday School attendance, according to district records.

He and his family moved here from Wichita Falls where he has served as pastor of the University Park Church of the Nazarene for seven years. A graduate of Bethany Nazarene College in Bethany, Okla., he served churches in Colorado City, Slaton and Grassland before going to Wichita Falls.

CITY-WIDE TOURNAMENT—

Tracy Rowland Takes Three Wins In Tennis

Tracy Rowland captured ribbons in three events in the annual City-wide Tennis Tournament held here this weekend. The tourney was sponsored by the Board of Community Development with Gary McMillan serving as chairman.

Rowland won the 19 and over boys' singles and played on both the winning men's doubles and mixed doubles teams.

First and second place winners were:

Boys' singles (12-14) — 1. Mitch Hymen.

Girls' singles (13-15) — 1. Donna Bell.

New Number For Directory Assistance Set

The telephone number for Directory Assistance in Anson, Hamlin and Stamford changes to 1411 on August 12, according to Southwestern Bell Manager Bud McCasland.

"The telephone repair service number in Anson and Hamlin will also change. Instead of dialing '0', customers who need repairs should dial 773-3604. Stamford repair service will remain 4102."

Sidewalk Sale Saturday

The Retail Trade Committee of the Board of Community Development is sponsoring another big Sidewalk Sale and Flea Market in Downtown Hamlin this Saturday.

As in the past, area residents and organizations are invited to bring their used and unneeded merchandise to town and join in the big one-day sale.

A number of downtown merchants are planning to move some of their specially priced merchandise out on to the sidewalk to make bargain hunting easier for their customers.

BROWNWOOD, COLEMAN, CROSS PLAINS, ABILENE, RANGER, EASTLAND, CISCO, De LEON, BRADY, WICHITA FALLS, STAMFORD, LLANO, HAMLIN, ALBANY, SPRINGTOWN, NEWARK, BRIDGEPORT, GOLDTHWAITE, HASKELL AND DUBLIN.

Jackson-McHaney Wedding Vows Read Here Saturday

Reba Faye Jackson of Hamlin and Stephen Craig McHaney of Odessa were married at 2 p.m. Saturday in First Methodist Church with the Rev. Marshall Stewart, pastor of the Church of the Nazarene, officiating.

The bride is the daughter of Mr. and Mrs. W. S. Jackson. Parents of the bridegroom are Mr. and Mrs. J. H. McHaney of Roby.

Barry Mitchell was organist. Vocalists were Latrese Nelson and Janet Bonds.

The bride was presented in marriage by her father.

Mrs. Jimmy Hastings was matron of honor. Bridesmaids were Mrs. Joe Wassel of Victoria, Mrs. Steve Sulak of Yoakum, both sisters of the bride, and Mrs. Steve Carriker of Hamlin.

Amy Wassel of Victoria, niece of the bride, was flower girl.

Jason Poe was ring bearer.

Susie Waldrop was candle lighter.

Best man was Steve Carriker. Groomsmen were Robert Doyle of Abilene, Fenton Brown of Goodwell, Okla., and J. H. McHaney Jr. of Odessa, brother of the bridegroom.

Groomsmen served as ushers.

The reception was hosted by the bride's parents in Fellowship Hall.

After a wedding trip to Canada, the couple will be at home Aug. 6 at 3912 Englewood Circle in Odessa.

The bride is a 1968 graduate of Hamlin High School and was graduated from East Texas State University in Commerce with a bachelor of music education degree in 1972. She was a member of Mu Phi Epsilon music sorority, and named to "Outstanding Women." She has been teaching in Hamlin Independent School District. The bridegroom is a 1969 graduate of Roby High School and a 1973 graduate of University of Texas at Austin with a bachelor of science in

chemical engineering. He received a master of science degree from Texas Tech University, Lubbock, in 1974. He was a member of Freshmen engineering honors program, Omega Pi Epsilon, and received the Robert A.

Welch Foundation Scholarship. He is employed by El Paso Products in Odessa.

The bridegroom's parents hosted the rehearsal dinner at Jamaica Inn in Abilene.

MRS. STEPHEN CRAIG McHANEY
... formerly Reba Jackson

Scifres-Carter Vows Exchanged Saturday

Ruby Faye Scifres and Ronald Claxton Carter were married at noon Saturday in the home of Gladys Grice, 1021 N. W. Fourth.

The Rev. Jess Wayne Adkins, pastor of Central Baptist Church, read the vows.

'Peppy Pipers' See 'Texas,' Palo Duro

The Senior Citizens group who made the trip to Palo Duro last week, appropriately named the "Peppy Pipers," travelled by chartered bus.

Mrs. Carl Thompson coordinator of activities for senior citizens in Jones County, made arrangements for the trip. The non-profit two-day activity included an overnight stay. Thirty-eight Hamlin residents made the trip.

The group left Hamlin at 9 a.m. Thursday and the first stop was in Lubbock for lunch. At Canyon they toured the Historical Museum.

They toured Palo Duro Canyon by train and bus and had a barbecue supper before the show "Texas" in the amphitheater.

On arriving home at 4 p.m. Friday, all expressed themselves as having a wonderful time and feeling like "Peppy Pipers."

Plans are being made for another trip in September or October.

Mrs. Grice was matron of honor. Best man was J. O. Murphree.

The reception followed in the Grice home.

The bride's parents are Mr. and Mrs. George E. Campbell. Parents of the bridegroom are Mr. and Mrs. M. F. Carter.

The couple's wedding trip was to Ruidoso, N. M.

The bride is a 1957 graduate of Hamlin High School. She is employed by Hamlin Clinic.

Carter is a 1955 graduate of Hamlin High School and is employed by the school.

Judy Holden, Lester Martin Plan Wedding

Mr. and Mrs. W. B. Holden announce the engagement and approaching marriage of their daughter, Judy Ann, to Lester Ray Martin, son of Mr. and Mrs. Junior Martin of Aspermont.

The wedding will be Sept. 4 in Foursquare Church in Hamlin at 7 p.m.

Friends and relatives are invited to attend.

Miss Holden is a graduate of Hamlin High School and is employed by Roadrunner Restaurant.

Martin is a graduate of Aspermont High School and is employed by Liberty Trucking Company of Aspermont.

Xi Gamma Pi Holds Social Saturday

Xi Gamma Pi chapter of Beta Sigma Phi met Saturday evening for an ice cream social in the home of Mr. and Mrs. John C. Bryant.

Members brought ice cream and cake and watched the Olympics.

Those present were Messrs. and Meses. Bryant, W. T. Johnson, Howard Mehaffey, Tim Jones, C. Weldon Griggs and Arlie Cassle.

secondary education. She was a member of Chi Omega sorority. She teaches American history, government and economics at Spring Branch High School in Houston.

Sharp received a B.B.A. degree in business management from UT at Austin, where he was a member of Pi Kappa Alpha fraternity. He is employed with Stewart and Stevenson in Houston.

The rehearsal dinner was hosted by the bridegroom's parents at Brennan's of Houston.

Taylor of Houston, brother of the bride; and Mikel Tubbs of Abilene, brother-in-law of the bridegroom.

Presented in marriage by her father, the bride wore an ivory chiffon gown fashioned in a halter silhouette with a deep V decolletage and slim triple tiered slipper length skirt.

The reception was held at The Houston Racquet Club. After a honeymoon to Puerto Vallarta, Mexico, the couple will reside in Houston.

The bride is a graduate of the University of Texas at Austin with a B.S. degree in

BRING AD WITH YOU

the gospel truth

by Bro. Marshall Townsley

We have had it revealed to us that to be a successful intercessor we must arm ourselves with the prayer armour described in Ephesians 6:10-17.

Let's discuss the breastplate of righteousness. If you recall, Isaiah chapter 59 verse 17 says Jesus put on righteousness as a breastplate. In order to imitate the success Jesus had, we must let him be our example. Remember he was a man filled with the power of the Holy Ghost, subject to like temptations as we are. He overcame every one of them just as we can by the Spirit of God. Jesus said, "He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my father." John 14:12

Therefore you and I can duplicate and gain the same prayer results as Jesus. First, we must put on righteousness as a breastplate. Righteousness is simply right standing with God. We are no longer "old" sinners saved by grace. Yes, we WERE sinners and we WERE saved by grace. "But now the righteousness of God

without the law is manifested...even the righteousness of God which is by faith of Jesus Christ unto all and upon all them that believe." Romans 3:21-22 A man who feels separated from God's presence cannot pray in faith and therefore will not enjoy answered prayer.

Therefore the facts concerning the righteous are our inheritance. Space will not allow me to discuss all of these; however there is one in James 5:16. The effectual fervent prayer of a righteous man availeth much. Jesus gained righteousness or right-standing with God and gave it to us. We only need to add our fervency and faith. Pray the effectual fervent prayer for our nation and city and see it avail very much! If you are ministered to by "the gospel truth" would you please write us and allow us to add your name to our prayer list?

Thursday 7:30 p.m.

FROM THE FILES . .

FIFTY YEARS AGO
(August 6, 1926)

Dan Moody won the Texas gubernatorial nomination in the recent primary by a majority of 1,013 votes over his five opponents, complete and revised unofficial returns to the Texas Election bureau showed early tonight.

Last Saturday afternoon a bad smash-up happened on the highway just east of Hamlin, where the Abilene & Southern road passes over the highway south of the oil mill.

From all reports Mrs. B. H. Fulton suffered dangerous wounds from being cut on the limbs and arms. Mr. Fulton was not so badly injured. We are glad to report that Mrs. Fulton is getting along nicely.

The Jones County Old Settlers Reunion will be held in Anson, beginning August 17 and will last for several days, are the plans given out by Mr. J. J. Dyer, who with the aid of Mrs. John Bryant of Abilene, are perfecting plans for one of the biggest and best gatherings ever witnessed by the Old Settlers.

Mr. Dyer will have the formal opening of his new and modern hotel at this time and he extends to all the old settlers who have lived in the county for more than 30 years a cordial invitation to be his guest at this opening, stating that there will be plenty of "chuck" for them and storage for their conveyances.

This will be the first Reunion in several years and these men are preparing to make it the biggest in the history of the reunion. The two first days will be given over to a general get-together and registration, third day will be a special "kiddies" and young peoples day, the remaining days will be what they call general mixing days, or a general Roundup of the Reunion.

Old Settlers who are eager to lend a hand in this wonderful celebration are requested to correspond with Mr. J. J. Dyer of Abilene. Opera House Program—Friday: Beautiful Laura La Plante in "The Teaser," a picture that we guarantee to please. With "Winking Idol" Chapter two, and two reel comedy—10 cents and 25 cents.

The Herald wants to congratulate the public in their co-operation with the City Marshal in carrying out the new parking ordinances on Central Avenue. It means that you are anxious to so act that no one will be killed by the crowded method of parking that was formerly in effect. To be sure you may not get to stop your car so handy as before but while cars and pedestrians have a clearer street they can make better time. More can come and go. We would hand a bouquet to Marshal Johnson and his assistants in their good work, especially last Saturday.

TWENTY YEARS AGO
(August 9, 1956)

Harden Memorial Library will be open for distribution of books on Monday, August 13, from 9 until 11 o'clock a.m. and every day following except Sunday, it was announced this week by officials of the Hamlin Woman's Forum, sponsor of the new facility for the community.

Membership fee of \$1 per year per family will be collected, when the patron applies for books.

The library is located at 320 S. W. Ave. A, just west of the post office. The family home of Mrs. D. D. Harden was deeded to the Hamlin Woman's Forum as a library and club house by Mrs. Harden and her children.

Advance sales of football tickets for the home games on the schedule of the Hamlin High School Pied Pipers will begin on Monday, August 20, it was announced this week by B. V. Newberry, high school principal. The tickets will be available at the high school office.

Curb and gutter building in several sections of the city has been going along steadily although slowly in recent weeks, according to John L. Lea, city engineer.

The City of Hamlin is sponsoring the project, which are being done for 85 cents per running foot, which includes the prorated cost of one intersection per block, Lea explains.

In connection with the curb and gutter work, streets are being worked to the correct grade in order to assure proper water drainage.

TEN YEARS AGO
(August 4, 1966)

Cliff Drummond, a senior at the University of Texas and president of the student body of 26,000 nursed blistered feet Tuesday after getting them burned Monday

while running barefoot to rescue victims of a sniper who shot down 12 persons and wounded 31 from the 30 story university tower.

The sniper, Charles Whitman, 25, from the vantage point of the observation tower of the University's main administration building, reigned terror for 90 minutes before being brought down by three policemen.

Drummond, a pharmacy major, related to an associated press writer that he was one of the first to hear the shots. He stripped off his leather-heeled shoes, which he said were "slippery as glass on the pavement" and he knew he could not run in them.

Drummond, 22, was graduated from Hamlin High School in 1961 and entered the University in the fall.

Cheryl Walton, Geneva Ward, Helen Moore and June Hill returned Friday from a five-day cheerleading clinic at Texas Tech, Lubbock.

The Hamlin group came back with two ribbons, and honorable mention and a third place, but they received their highest honor on the first night of competition when they were presented the spirit stick, a token of genuine spirit, the highest honor attainable.

The officers of the Hamlin Ex-students association met Monday night to discuss plans and activities for the forthcoming Ex-student Homecoming Oct. 7 and 8.

Officers present were Mrs. Garland Preston, Mrs. Robert Fowler, Mrs. Kenneth Riddel, Mrs. David Wade, James Wright, Jerry Williams and Carol Jo Simpson.

A Friendship Circle has developed among the neighbors that live on the circle at the end of Northwest Ave. I and Friday night the six families invited some of the neighbors to join them in an outdoor barbecue supper in the back yard of the Gus Young home. There were 34 present.

NEWS AND VIEWS. . .

And What Have You

—Continued from Page One

American farmer for the tremendous job he is doing in feeding this nation and much of the balance of the world.

While the statistics are impressive and we will give you some of them, the most impressive thing to us is that a big city daily will take the time to recognize the farmer since he represents only four percent of our population. If the American farmer is to survive in this day and age he must have the understanding of all of his big city cousins. The fact that he represents only four percent of the nation is one of his biggest problems. He is fast losing his political power he once had in Washington.

But back to the statistics: 14 percent of the people in France are engaged in agriculture; in Russia 32 percent; in Brazil 44 percent; in Yugoslavia 53 percent; and in India 68 percent.

More striking is the fact that Americans spend only 15 percent of their income for food while in France it takes 26 percent; in Russia, 35 to 40 percent; in Yugoslavia, 39 percent; in Brazil, 47 percent; and in India, 64 percent.

And remember, we here in America are the best fed people in the world and still spend much less for our food.

This lower percentage of our income going for food is one of the main reasons that Americans have the highest standard of living in the world. When you spend 35 to 50 percent of your income for food you do not have much left for luxuries.

Coleman Adv. Serv.

In all ways of life, keep
him swinging in the proper

STRIKE
ZONE

PLAY BALL . . . is a familiar cry in the spring and summer. This is a time that parents and coaches, alike, encourage the boy not to swing unless the ball is in the strike zone . . . for in the early years of playing the game, the tendency is to swing at every pitch. This holds true in all of life, so it is up to wiser and older heads to train and encourage him in the better things. Bringing up a child is a serious matter and all can use help. Let the church help you to teach him the right ways.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

NEWS FROM

OLD GLORY

By BERNICE D. WHITE

Mr. and Mrs. Terry Burkhalter have moved to Lake Worth. He has been employed by the school there. Burkhalter was the basketball coach here last year, and Mrs. Burkhalter taught business in high school.

Word has been received here that Mrs. Rueben (Bill) Hinz of Imperial, Calif., died

Monday, July 26. Funeral services were held Friday in El Centro, Calif. The Hinzes lived here many years ago. She was the former Ellie Mae Brown and was reared in Coleman.

Mrs. Hinz's survivors include her husband, a son Dwane, and a daughter, Mrs. Gene (Annie Joy) Davis. The Hinzes have been back

to visit and attend the Old Glory Homecoming on several occasions, and were cited for traveling distance to attend the Homecoming.

Another of our former residents, Mrs. Clara B. Hickey, died in Rice Springs Care Home in Haskell last Saturday. Mrs. Hickey had been a resident of Rice Springs for several years.

Mr. and Mrs. Jack Gerloff of Lamesa spent Tuesday night of last week here with his mother Mrs. Katie Gerloff. Dinner guests in Mrs. Gerloff's home last Sunday included Mr. and Mrs. Raymond Gerloff of Abilene and Mr. and Mrs. Byron Swank of Hamlin.

Mrs. Nora Offill visited in Brownwood Sunday with her sister-in-law Mrs. Bessie Offill and also with a niece and her husband, Mr. and Mrs. Gerald Giles.

Mr. and Mrs. Jerry Callicoate of Midland were here over the weekend visiting their son Guy and also his parents, Mr. and Mrs. Delos Callicoate. They also visited her mother Mrs. Adeline Letz.

Mr. and Mrs. Thomas Letz, Brian and Lori of Levelland were also here visiting their parents, Mrs. Adeline Letz and Mr. and Mrs. C. T. Pierce and Denise.

Denise and Kim Pierce returned to Levelland with Mr. and Mrs. Thomas Letz and children to spend a few days.

Mrs. A. B. Cox was transferred from Stonewall Memorial Hospital in Aspermont to West Texas Medical Center in Abilene on Thursday of last week. On the latest report last Sunday she was reported

STATE CAPITAL Highlights AND Sidelights

AUSTIN — More than 29,000 miles of Texas roads and 2,564 bridges are hazardous because they were designed for traffic conditions of 40 years ago.

This is the conclusion of The Road Information Program (TRIP) nationwide study just completed.

TRIP found 56,000 accidents were caused in Texas last year by road hazards. The accidents cost \$173 million in hospital fees, property damage and payments to accident victims and survivors.

The Washington, D. C.-based research and information agency estimated nearly 17,000 miles of roads and streets are too narrow for safe passing by

large trucks, school buses and other bulky vehicles at posted speeds. Another 12,606 miles contain sharp curves, soft shoulders, steep rises and dips, roadside obstructions, restricted sight distances and inadequate warning signs.

TRIP acknowledged that human error was a factor in almost all the 468,596 Texas highway accidents in 1975, but one accident in eight reportedly would not have occurred if road design and engineering had been adequate.

Texas Good Roads/Transportation Association also noted 20-year-old portions of the Interstate System are now obsolete and in need of modernization.

to be resting well.

Mr. and Mrs. Herman Dugan will be returning this week, from Lake Tahoe, Calif., where they visited a grandson, Lindon Dugan. They returned home by way of Odessa where they visited with their son and family, the Charles Dugans.

Capt. and Mrs. Don Herttenberger and Lori have been here from Colorado visiting his grandparents, Mr. and Mrs. Beno Herttenberger. Other visitors last Sunday included Mr. and Mrs. Jerry Herttenberger and Mr. and Mrs. Don Herttenberger from Abilene, Mr. and Mrs. Byron Swank and Mr. and Mrs. John O'Neal from Hamlin.

By being the overall winner in the Stonewall County 4-H Dress Review recently, Leslie Jennings earned the opportunity to participate in the District 4-H Dress Review at the Civic Center in Abilene. She also won a blue ribbon at the Abilene show.

Leslie is the daughter of Mr. and Mrs. Tim Jennings and will be a fifth grader at Old Glory School this year.

More Revenue

A Federal Power Commission increase in ceiling prices for interstate gas sales may mean millions of dollars in additional Texas state government income. However, the U. S. Court of Appeals has temporarily blocked the raise.

Comptroller Bob Bullock "guessed" the windfall may add \$66 million to the surplus projected for the end of the current biennium Aug. 31, 1977, and another \$165 million in additional revenue for 1978-79, if the FPC order is allowed to stand.

House Speaker Bill Clayton, while plugging for complete decontrol of natural gas prices, said the FPC decision could bring as much as \$400 million new money into the treasury for appropriation by the legislature at its 1977 session.

New Industries

Seventeen new industries — ranging from cheesecakes to sewage treatment — will bring an

extra \$40.7 million to the Texas economy, Texas Industrial Commission reports.

The concerns which began operating during June will employ nearly 800 new workers, and the jobs will generate, in turn, another 700 additional job slots.

New industries are located in San Antonio, Dallas, Longview, Marble Falls, Stephenville, Marshall, Yoakum, Port Arthur, Wichita Falls and Austin.

Rates Rising

State Insurance Board actuaries laid out recommendations for an auto coverage increase of about 20 per cent.

Companies asked a 27.9 per cent boost. The board August 4 resumed the statewide car insurance hearing which recessed July 14.

Courts Speak

Third Court of Civil Appeals upheld lower court rulings against a permanent injunction sought by State Rep. Luther Jones of El Paso to stop a Texas Legislative Council property tax revision study through an inter-agency contract signed by Gov. Dolph Briscoe.

The legislature appropriated \$5 million last year for a study to determine the ability of a school district to support its public schools.

Growing Washington-based GOVERNMENT seeking branches all points West.

Major BENEFITS. Option for STATEHOOD.

Even the Founding Fathers knew thirteen was only for starters.

So it wasn't long before sights were set on the land to the west.

But it took money to explore and settle. And thanks to Americans taking stock in their country, the money was there.

Today, taking stock in your country is just as important. And one of the best ways to do it is to buy U.S. Savings Bonds.

Just join the Payroll Savings Plan at work. Out of each paycheck, a little is set aside to buy Bonds. Automatically. And that means regular savings you can depend on.

Buy U.S. Savings Bonds. There's no safer way to save.

After all, the money's guaranteed by the home office.

Now U.S. Bonds pay 6% interest when held to maturity of 5 years (4 1/4% the first year). Lost, stolen or destroyed Bonds can be replaced if records are provided. When needed, Bonds can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

200 years at the same location.

Mahaffey Family Holds Reunion Friday

Mrs. Tom Mahaffey and family met at the home place in Pledger Community Friday for a weekend reunion. Those attending from Hamlin with Mrs. Mahaffey were J. W. and Evaline Scifres and John, Marvin and Alline Rhoton, James and Carolyn Clawson and J. J.

Others were J. T. and Louise Mahaffey and Mark, Viola Fought, Larry, Terry and Jason Gruben, all of Roby; Harold and Debbie Gruben, Bishop and Christine Gordon, Randy and Sandra Gordon, all of Rotan.

Venson and Helen Overton, Dennis and Sharon Overton and Curtis P. Wade, all of Seymour; Louis and Florine Scott, Mike Johnson and Deanna Richards, all of Stamford.

Visitors were Mrs. Dewey Dry, Leatham and Linda Burk, all of Roby, and Mrs. C. K. Clark and Leslie of Odessa.

Agent Offers Fall Garden Tips

Although there is still plenty of hot summer weather ahead, it's time to start getting things in shape for your fall vegetable garden, says Kirby Clayton, county agent for the Texas Agricultural Extension Service.

Spring gardens generally did well in most parts of Jones County although adverse weather and diseases reduces some yields.

Now the fall gardening season is approaching, and that means getting land prepared and getting transplants started as soon as possible.

According to Clayton, many popular vegetables such as tomatoes, peppers, eggplants, pole beans, potatoes, okra, cucumbers,

and squash can be planted during the coming weeks. Also, the so-called "winter" vegetables such as broccoli, cabbage, cauliflower, greens, parsley and carrots can be planted this time for early harvesting. Later plantings of these cold-hardy crops will supply fresh vegetables well into winter.

What are some of the important aspects of fall gardening?

First of all, get the land into good shape, emphasizes Clayton. If a garden was planted this spring and fertilizer was applied, little if any additional fertilizer will be needed before fall planting.

For new gardens, Clayton recommends applying two or three pounds of a complete

fertilizer such as 10-20-10 per 100 square feet and working it into the soil. If plants make slow growth, a light amount of fertilizer may be applied between the rows and watered into the soil.

Of major importance for a successful fall garden is an adequate water supply, contends Clayton. Since planting is done during hot weather, sufficient water is needed for germination and early growth. Light waterings three or four times a week may be necessary to keep the soil from drying out and crusting. Water stress during early growth of plants can reduce later yields.

Since transplants of recommended varieties of vegetables may be hard to

find at local nurseries, Clayton suggests buying seed and growing your own transplants. Four to five weeks should be allowed from the time of seeding to setting young plants in the garden.

Transplanting is a good practice in the fall since this allows seed to be started in areas sheltered from high temperatures and drying winds.

So, even though the weather will remain hot for a while, get an early jump on your fall garden. Just the thought of fresh garden vegetables this fall should be enough to entice most folks, even those with the summer blahs.

AARP to Meet Here Tonight

The American Association of Retired Persons will meet in the Fellowship Hall of First United Methodist Church today (Thursday) at 7 p.m. for an ice cream supper and games of 42.

The executive committee will be hostesses. All members and others interested in becoming members are urged to be present.

IN EARLY CHILDHOOD—

Parents May Create 'Weight Problems'

COLLEGE STATION—Parents may create a "weight problem" by urging their young child to clean his plate or by allowing him to eat too many high calorie foods.

"Expecting a child to eat everything on his plate at every meal may not only be unrealistic (how many adults do this?) but also harmful to the child's health."

"Research indicates that fatness acquired in early childhood is harder to lose than any extra pounds gained in adulthood," Debby Johnson, a family life education specialist, says.

Pointing out specific physical reasons for this, Mrs. Sally Coble, a foods and nutrition specialist, said, "Children require calories for energy and growth. But during periods of slow growth, such as the preschool years, calorie needs are not so great."

"But if children overeat during this time, they create new fat cells to handle the excess calories. Once a fat cell has been formed, it will never go away—so it is important to try to limit the number of fat cells produced during the early years. Adults who overeat simply fill up cells already present," she explained.

Both specialists are with the Texas Agricultural Extension Service, The Texas A&M University System.

"In the past, overweight individuals often excused their obesity by saying they had a 'glandular problem.' This is rarely the case. It generally boils down to one problem—overeating," Miss Johnson said.

Although heredity also plays a role in obesity, most research indicates poor eating habits are the real

culprits, she continued.

Children learn their eating habits from parents. And since children tend to model their behavior on what they see their parents doing, the parent who "stuffs" at a meal will be more likely to have a child who also does, she said.

"Some parents use confections or other food items as a part of their discipline, or as a bribe to get children to do what is expected."

"Though it may be convenient at times to pacify a child with treats, two considerations should be kept in mind. It establishes a pattern for the child, in that he expects to be rewarded with food in exchange for good behavior. The result may be short-term-learning, which often does not carry over to other similar situations. Also, as he is conditioned to eat more, the number of fat cells increases, as does the need to satisfy a growing appetite."

"Obesity is unsightly and unattractive — research shows that it affects the self-concept—and increases the mortality rate. People who are 30 per cent overweight decrease their life-expectancy by 30 to 40 per cent."

Obesity also may lead to other health problems, including diabetes and heart disease.

"Responsibility for establishing good eating habits at an early age rests with the parents or caregivers of children. For this reason, parents should exemplify proper nutrition habits in the home early in a child's development by limiting second helpings, eating slowly, cutting down on high calorie foods that contain little other nutrients (soda, some candies and cakes), and encouraging

fruits and other low-calorie nutritious snacks," the specialist advised.

Newspapers Grow In Importance

Most modern Americans tend to take their newspapers for granted, but at one time there weren't any papers in America to take at all.

The first paper, published in 1690, was suppressed after one issue because it included gossip about the French king. In 1733, John Peter Zenger's newspaper was in trouble for allegedly libeling the royal governor, until Zenger's lawyer showed he had a right to print the truth. After the Revolution, advancing technology brought about the ability to serve a larger circulation, to give realistic news, and treat local and human interest news seriously.

After the Civil War, communications were speeded by the steamship, the railroad and the telegraph. New machinery made large newspaper runs possible. With the 20th century, the wire services, products of electronic technology, blossomed. They provided instant news throughout the country.

Today's newspapers have a profound effect on our times. Acting on the information we read in the papers, the people of America have ended a war and caused a president to resign, among other things.

As in the past, technology helps America's newspapers do their jobs faster and better.

A new kind of computer, for example, allows a paper's correspondents outside the main office to put their stories on a computer and then make changes and corrections, move entire blocks of text and even highlight certain passages before the text is sent to the main office for typesetting.

MODERN TECHNOLOGY helps America's newspapers carry on their important work.

This computer can be used by businesses to publish catalogs and keep track of their stock. Insurance companies can use this Sperry Univac UTS 400 to update policies and keep things under control by sending information back and forth between the main and branch offices. There are also many medical and educational adaptations for these computers.

37 PERCENT NOW WORKING—

Each Year More Women Join County's Work Force

(Special to the Herald)
NEW YORK, - In Jones County, women at work is the order of the day. Each passing year finds more and more women in the labor force.

The current figures indicate that some 37.3 percent of the local female population over the age of 16 are now employed outside the home or are looking for such employment.

In actual number, according to the latest findings, close to 2,410 local women, out of a total of 6,460 of working age, are in the labor force.

They are filling jobs in offices, in retail stores, in factories, in the educational and health fields and in a wide variety of other occupations. There is little that remains closed to them any more.

In contrast to the 37.3 percent of Jones County's female population now in the labor force, there were only 29.7 percent in 1960.

The average nationally is 39.8 percent. It ranges considerably above and below that level in other sections of the country.

The changes that have taken place are depicted in facts and figures compiled by the Bureau of Labor Statistics, the Department of Commerce and others.

They show that women have drastically altered the job market in the past decade or two. The number of them in the labor force has increased from 23,240,000 in 1960 to 31,500,000 in 1970 and to nearly 38,000,000 at the present time.

Much of the increase has been due to married women, especially those of middle

age, who have more time on their hands now that their children have grown up.

Among younger women, also, the trend is toward outside jobs rather than toward housework. A survey by the Institute of Life Insurance finds that only one-fourth of those under 25 prefer the housewife role.

The net result is that a greater proportion of jobs are held by women than ever before and, consequently a larger proportion of families have more than one income.

In Jones County's regional area, an estimated 38.9 percent of those employed are women. Nationally, women have 40 percent of the jobs.

Midwest Electric Sets Annual Meeting Today

Midwest Electric Cooperative's annual membership meeting date is today (Thursday) in the Scurry County Coliseum.

Registration begins at 6

p.m. and the barbecue at 7 p.m.

Lois Dunlap who portrays Uncle Sam in Texas Public Schools will be the speaker for the Midwest meeting.

Two directors will be elected to office. James Beaver of Fluvanna and Ben Miller of Fluvanna for place 3.

Melvin Clements of Rotan, (re-election) and Bobby Smith of Rotan for place 4.

Entertainment will be provided by a 4-H singing group from Roby. Prizes will be given throughout the evening. All members are urged to attend.

Father Dies In Lufkin July 28

Alexander Esco, father of Miss Mary Esco, died Wednesday, July 28, at Lufkin. Services were held at 2 p.m. Sunday in Nacogdoches.

Survivors include his wife, Amelia of Nacogdoches; Miss Esco of Hamlin; one son, Dave Esco of Nacogdoches; six grandchildren; five sisters and three brothers.

Attending the funeral from Hamlin were Mr. and Mrs. Belton Hooper, Mrs. Hester Johnson, Mrs. Beatrice Curry, Mrs. Margaret Bolden, Mrs. Annette Bolden, Mrs. Maudie Paige, W. J. Hooper, Henry Bussey, Sammie Williams and Valerie Brown.

Also attending were David Bolden, Kathy Hooper, and Alice Owens, all of Dallas.

Philosopher Likes U.S. Foreign Policy Provided It's Employed Here At Home Too

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One discusses foreign policy this week, more or less.

Dear editor:

Some people are always criticizing our foreign policy but I've decided the only thing wrong with it is that it's not used at home too.

For instance, the United States has just loaned Egypt 31 million dollars, payable in 40 years, to improve and modernize the port of Alexandria. The interest rate is 2 per cent the first 10 years,

then it goes up to 3 per cent. This is known as financial wizardry, as I know of no other country on earth that can borrow money from its citizens at 7 and 8 per cent and lend it to foreigners at 2 and 3 per cent.

At the same time, the U.S. has given Egypt 5 million dollars free of charge to study what else needs improving over there.

This is exactly the kind of policy I've been looking for. You see, I've got this old barn out here that I estimate is in worse shape than the port of Alexandria. If ships have trouble docking over there, you ought to see the trouble a hay truck has getting in and out of my barn. If anything needs improving and modernizing, it does, and I'll attend to it if the government will let me in on some of that 2 per cent money. I'd like about \$100,000. What I'll do is use \$5,000 or so to fix up the barn and put the rest out at 7 1/2 per cent interest. In 40 years I'll bet I will have come closer to paying my loan off than Egypt.

Now as for the other part of the foreign policy, the 5 million dollars we're giving Egypt to see what else needs improving over there, I've been looking at things around this farm for years that need improving, and if the government will pay me I'll write them down and send the list to Washington. I think \$25,000 will cover the cost.

While it's true I don't have any old pyramid that need fixing up or any tents that

need patching or any camels that need replacing, I know that from a long-range economic view over the next 40 years I'm bound to have some cows that'll need replacing, and I know from years of experience that a fence can lean over just so far before it falls down completely. I don't know about Egyptian cows, but it doesn't take my cows long to find out they can step over a fence that's on the ground.

Also, if given this money I'll guarantee I won't export any arms to my neighbors or declare war on any nation or get any madder at the U.S. than the ordinary foreign country does when its loan comes due.

Yours faithfully,
J.A.

Have You Done YOUR Part In Helping Make YOUR Cemetery Into A Perpetual Care Cemetery?

The Association completely reorganized last November and under the direction of new Officers and Trustees is working hard to accomplish new things for the old and new part. Many people and organizations have given hours of their time and money to help clean and beautify.

Two work days accomplished much needed work. The old trees were cleared, shrubs pruned so that cars could drive through all the streets, new streets made, grass fertilized, new shrubs set out and a Babyland established.

It is impossible for the trustees to contact everyone. If you have not been contacted would you please see or call one of the trustees. They will be glad to answer any question you might have. This project is not designed just for today, but is something that is lasting for the future. Many people or families are members of the \$1,000 Club. This is greatly appreciated because your \$1,000 will make \$75.00 in interest each year. Only this interest can be spent to hire a caretaker. One who will work full time to really keep it nice and clean. The trustees are striving for \$150,000.00 to be invested. It will take this much to really be successful.

If you cannot invest \$1,000 in this fine community project please feel free to give whatever amount you can — by the week, month or year. Remember, this can be a tax deductible item for you. Any amount is greatly appreciated. The quicker the goal is reached the better job can be done.

This project is YOUR project. Will you do YOUR part Now? If you do not own your lot your purchase now will help so much. Many fine locations are available for you to choose from.
